Section 1: Who Is Covered

The Master Policy covers students and their eligible Dependents who have met the Policy's eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All degree seeking undergraduate and graduate students (except executive program students) and all Tulane University sponsored students in J-1 status are automatically enrolled in this insurance plan on a hard waiver basis. Degree seeking Super Seniors are enrolled in the plan on a hard waiver basis, but not required to use the SHC and the referral will be waived. All other students taking at least three credit hours are eligible to enroll in this insurance plan on a voluntary basis. The three hour requirement is not applicable to students classified as dissertation students, graduate assistants, teaching assistants, research assistants or students having less than three hours to complete their degree requirements. Students enrolled only as distance learning students (internet, etc.) are not eligible for this insurance plan. All J-1 scholars and J-2 dependents are eligible to purchase this insurance plan on a voluntary basis.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse or Domestic Partner and dependent children or grandchildren who meet the limits of a Dependent set forth in the Dependent definition. See the Definitions section of this Certificate for the specific requirements needed to meet Domestic Partner eligibility.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
   a. On the date the Named Insured acquires a legal spouse or a Domestic Partner who meets the specific requirements set forth in the Definitions section of this Certificate.
   b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Section 2: Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., July 1, 2023. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., August 18, 2024. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the maximum benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Section 4: Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.

2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department's voice mail after hours by calling 1-877-295-0720.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

Section 5: Preferred Provider and Out-of-Network Provider Information

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of Preferred Providers. The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as Out-of-Network Providers. However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus

Preferred Provider Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities.

The easiest way to locate Preferred Providers is through the plan's website at www.uhcsr.com/tulane. The website will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-866-808-8266 for assistance in finding a Preferred Provider.

The Company arranges for health care providers to take part in the Preferred Provider network. Preferred Providers are independent practitioners. They are not employees of the Company. It is the Insured's responsibility to choose a provider.

Our credentialing process confirms public information about the providers' licenses and other credentials but does not assure the quality of the services provided.

A provider's status may change. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling Customer Service at 1-866-808-8266 and/or by asking the provider when making an appointment for services. A directory of providers is available on the plan's website at www.uhcsr.com/tulane.

If an Insured receives a Covered Medical Expense from an Out-of-Network Provider and was informed incorrectly by the Company prior to receipt of the Covered Medical Expense that the provider was a Preferred Provider, either through Our provider directory or in Our response to the Insured's request for such information (via telephone, electronic, web-based or internet-based means), the Insured may be eligible for cost-sharing (Copayment, Coinsurance, and applicable Deductible) that would be no greater than if the service had been provided from a Preferred Provider.

If an Insured is currently receiving treatment for Covered Medical Expenses from a provider whose network status changes from Preferred Provider to Out-of-Network Provider during such treatment due to termination (non-renewal or expiration) of the provider's contract, the Insured may be eligible to request continued care from their current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. An Insured may call the Company at 1-866-808-8266 to find out if they are eligible for continuity of care benefits.

"Preferred Provider Benefits" apply to Covered Medical Expenses that are provided by a Preferred Provider.

"Out-of-Network Provider Benefits" apply to Covered Medical Expenses that are provided by an Out-of-Network Provider.

The Company will pay Covered Medical Expenses according to the benefits set forth in the Schedule of Benefits. Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid.

Allowed Amounts are the amounts the Company will pay for Covered Medical Expenses. Refer to the definition of Allowed Amount in this Certificate for information on how the Company determines Allowed Amounts.

Preferred Provider Benefits
The Insured is not responsible for any difference between what the Company pays for Allowed Amounts and the amount the provider bills, except for the Insured Person's cost share obligation as specified in the Schedule of Benefits.

This Certificate includes the following provisions to comply with the applicable requirements of the *Consolidated Appropriations Act (the "Act") (P. L. 116 -260).* These provisions reflect requirements of the Act; however, they do not preempt applicable state law.

Out-of-Network Provider Benefits
Except as described below, the Insured Person is responsible for paying, directly to the Out-of-Network Provider, any difference between the amount the provider bills the Insured and the amount the Company pays for Allowed Amounts.

1. For Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on the Recognized Amount as defined in this Certificate.
2. For non-Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied in accordance with applicable law, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on the Recognized Amount as defined in this Certificate.
3. For Emergency Services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.
4. For Air Ambulance services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.

For the purpose of this provision, “certain Preferred Provider facilities” are limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center (as described in section *1833(i)(1)(A) of the Social Security Act*), and any other facility specified by the Secretary.

State Continuity of Care; Termination of Provider Contracts

In the event a contract or agreement between the Company and health care provider is terminated, the health care provider shall notify the Company of any Insured who has begun a course of treatment by the provider before the effective date of the termination. Based on this notice from the health care provider, the Company shall notify the Insured of a termination of a health care provider from the Company’s network and the Insured’s right to continuity of care for Covered Medical Expenses that are covered or payable under the terms of the Policy. The following provisions shall be applicable whether such termination is initiated by the Company or the health care provider:

1. In the event an Insured has been diagnosed as being in a high-risk pregnancy or is past the twenty-fourth week of pregnancy, the Insured shall be allowed to continue receiving Covered Medical Expenses, subject to the consent of the treating health care provider, through delivery and postpartum care related to the pregnancy and delivery while covered under this Policy.
2. In the event an Insured has been diagnosed with a life-threatening Sickness, the Insured shall be allowed to continue receiving Covered Medical Expenses, subject to the consent of the treating health care provider, until the course of treatment is completed, not to exceed three months from the effective date of such termination while covered under this Policy.
3. In the event a treating health care provider advises the Company of an Insured who meets the criteria above, the Company shall continue payment of the Company liability to the health care provider that was in effect prior to the termination of the contract or agreement with such health care provider. In addition, the contractual requirements for the health care provider to follow the Company’s utilization management and quality management policies and procedures shall remain in effect for the applicable period specified.

The provisions shall not apply when:
1. The reason for such termination is due to suspension, revocation, or applicable restriction of the health care provider’s license to practice in this state by the Louisiana State Board of Medical Examiners, or for another documented reason related to quality of care.
2. The Insured chooses to change health care providers.
3. The Insured moves out of the geographic service area of the health care provider or health insurance issuer.

Section 8: Coordination of Benefits Provision

The Coordination of Benefits (COB) provision applies when an Insured Person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense as provided for in §303A.(a.-e.) of Regulation 32.

DEFINITIONS

A. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
   1. Plan includes: group and nongroup insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
   2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage except those enumerated in LSA-R.S. 22:1000 A.3C; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

   Each contract for coverage is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the Insured Person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

D. Allowable Expense is a health care service or expense, including Deductibles, Coinsurance and Copays, that is covered in full or at least in part by any Plan covering the Insured Person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense or service that is not covered by any Plan covering the Insured Person is not an Allowable Expense.

   The following are examples of expenses that are and are not Allowable Expenses:
   1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the Plans provides coverage for private hospital room expenses.
   2. If an Insured Person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary charges or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
   3. If an Insured Person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
   4. If an Insured Person is covered by one Plan that calculates its benefits or services on the basis of usual and customary charges or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable Expense for all Plans.
   5. The amount of any benefit reduction by the Primary plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. Closed Panel Plan is a Plan that provides health care benefits to an Insured Person primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. **Custodial Parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

G. We, Us, Our is the Company named in the Policy.

ORDER OF BENEFIT DETERMINATION RULES

When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
   1. Except as provided below, a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary.
   2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

C. Each Plan determines its order of benefits using the first of the following rules that apply:
   1. Non-Dependent or Dependent. The Plan that covers the Insured Person other than as a Dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the Insured Person as a Dependent is the Secondary Plan. However, if the Insured Person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Insured Person as a Dependent; and primary to the Plan covering the Insured Person as other than a Dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Insured Person as an employee, member, policyholder, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
   2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:
      a. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
         i. The Plan of the parent whose birthday falls earlier in the calendar year is the Primary plan; or
         ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
      b. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
         i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
         ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
         iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
         iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
            a) The Plan covering the Custodial Parent;
            b) The Plan covering the spouse of the Custodial Parent;
            c) The Plan covering the non-custodial parent; and then
            d) The Plan covering the spouse of the non-custodial parent.
      c. For a Dependent child covered under more than one Plan of individuals who are the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
      d. For a Dependent child covered under spouse's plan
         i. For a Dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a Dependent under a spouse's plan, the rule in Paragraph (5) applies.
         ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.
   3. Active Employee or Retired or Laid-off Employee. The Plan that covers an Insured Person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering that same person as

a retired or laid-off employee is the Secondary Plan. The same would hold true if an Insured Person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D (1) can determine the order of benefits.

4. COBRA or State Continuation Coverage. If an Insured Person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Insured Person as an employee, member, subscriber or retiree or covering the Insured Person as a Dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the Insured Person as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the Insured Person the shorter period of time is the Secondary Plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary plan.

EFFECT ON THE BENEFITS OF THIS PLAN

A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan Deductible, Coinsurance, Copays and any amounts it would have credited to its Deductible in the absence of other health care coverage.

B. If an Insured Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

C. Effect on the Benefits of This Plan

1. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a plan year or claim determination period are not more than 100 percent of total Allowable Expenses. The difference between the benefit payments that This Plan would have paid had it been the Primary Plan, and the benefit payments that it actually paid or provided shall be recorded as a benefit reserve for the Insured Person and used by This Plan to pay any Allowable Expenses, not otherwise paid during the claim determination period. As each claim is submitted, This Plan will:
   a. determine its obligation to pay or provide benefits under its contract;
   b. determine whether a benefit reserve has been recorded for the Insured Person; and
   c. determine whether there are any unpaid Allowable Expenses during that claims determination period.
2. If there is a benefit reserve, the Secondary Plan will use the Insured Person's benefit reserve to pay up to 100 percent of total Allowable Expenses incurred during the claim determination period. At the end of the claims determination period, the benefit reserve returns to zero. A new benefit reserve must be created for each new claim determination period.
3. If an Insured Person is enrolled in two or more Closed Panel Plans, and if for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that plan and other Closed Panel Plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the Insured Person claiming benefits. The Company need not tell, or get the consent of, any person to do this. Each Insured Person claiming benefits under This Plan must give the Company any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, the Company may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. The Company will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by the Company is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the Insured Person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

COORDINATION OF BENEFITS - IMPORTANT NOTICE

This is a summary of only a few of the provisions of the health plan to help the Insured Person understand coordination of benefits, which can be very complicated. This is not a complete description of all of the coordination rules and procedures, and does not change or replace the language contained in the insurance contract, which determines The Insured Person's benefits.

Double Coverage
It is common for Dependents to be covered by more than one health care plan. This happens, for example, when a husband and wife both work and choose to have family coverage through both employers.

When an Insured Person is covered by more than one health plan, state law permits insurers to follow a procedure called "coordination of benefits" to determine how much each should pay when an Insured Person has a claim. The goal is to make sure that the combined payments of all plans do not add up to more than the Insured Person's covered health care expenses.

Coordination of benefits (COB) is complicated and covers a wide variety of circumstances. This is only an outline of some of the most common ones. If the Insured's situation is not described, read the evidence of coverage or contact your state insurance department.

Primary or Secondary?
The Insured Person will be asked to identify all the plans that cover Dependents. The Company needs this information to determine whether We are the "primary" or "secondary" benefit payer. The Primary Plan always pays first when the Insured Person has a claim.

Any Plan that does not contain the state's COB rules will always be primary.

When This Plan is Primary
If the Insured Person or a Dependent is covered under another Plan in addition to this one, We will be primary when:

The Insured Person's Own Expenses
- The claim is for the Insured Person's own health care expenses, unless the Insured Person is covered by Medicare and both the Insured Person and the Insured Person's spouse are retired.

The Insured Person's Spouse's Expenses
- The claim is for the Insured Person's spouse, who is covered by Medicare, and neither the Insured Person or the spouse are retired.

The Insured Person's Dependent Child's Expenses
- The claim is for the health care expenses of the Insured Person's child who is a Dependent under This Plan and
- The Insured Person is married and the Insured Person's birthday is earlier in the year than the Insured Person's spouse's or the Insured Person is living with another individual, regardless of whether or not the Insured Person has ever been married to that individual, and the Insured Person's birthday is earlier than that other individual's birthday. This is known as the "birthday rule"; or
- The Insured Person is separated or divorced and the Company has been informed of a court decree that makes the Insured Person responsible for the Dependent child's health care expenses; or
- There is no court decree, but the Insured Person has custody of the Dependent child.

Other Situations
The Company will be primary when any other provisions of state or federal law require us to be.

How the Company Pays Claims When We Are Primary
When the Company is the Primary Plan, We will pay the benefits in accordance with the terms of the Insured Person's contract, just as if the Insured Person had no other health care coverage under any other Plan.

How the Company Pays Claims When We Are Secondary
The Company will be secondary whenever the rules do not require us to be primary.

When the Company is the Secondary Plan, We do not pay until after the Primary Plan has paid its benefits. We will then pay part or all of the Allowable Expenses left unpaid, as explained below. An Allowable Expense is a health care service or expense covered by one of the Plans, including Copays, Coinsurance and Deductibles.

- If there is a difference between the amount the Plans allow, We will base Our payment on the higher amount. However, if the Primary Plan has a contract with the provider, Our combined payments will not be more than the contract calls for. Health maintenance organizations (HMOs) and preferred provider organizations (PPOs) usually have contracts with their providers.
- We will determine Our payment by subtracting the amount the Primary Plan paid from the amount We would have paid if we had been primary.
  We will use any savings to pay the balance of any unpaid Allowable Expenses covered by either Plan.
- If the Primary Plan covers similar kinds of health care expenses, but allows expenses that We do not cover, We will pay for those items as long as there is a balance in the Insured Person's benefit reserve, as explained below.
- We will not pay an amount the Primary Plan did not cover because the Insured Person did not follow its rules and procedures. For example, if the Insured Person's Plan has reduced its benefit because the Insured Person did not obtain pre-certification, as required by that Plan, we will not pay the amount of the reduction, because it is not an Allowable Expense.

Benefit Reserve
When the Company is secondary, We often will pay less than We would have paid if we had been primary. Each time We "save" by paying less, We will put that savings into a benefit reserve. Each Dependent covered by This Plan has a separate benefit reserve. We use the benefit reserve to pay Allowable Expenses that are covered only partially by both Plans. To obtain a reimbursement, the Insured Person must show the Company what the Primary Plan has paid so We can calculate the savings. To make sure the Insured Person receives the full benefit or coordination, the Insured Person should submit all claims to each Plan. Savings can build up in the Insured Person's reserve for one year. At the end of the year any balance is erased, and a fresh benefit reserve begins for each Insured Person the next year as soon as there are savings on their claims.

Section 9: Accidental Death and Dismemberment Benefits

Loss of Life, Limb or Sight
If such Injury shall independently of all other causes and within 90 days from the date of Injury solely result in any one of the following specific losses, the Insured Person or Beneficiary may request the Company to pay the applicable amount below in addition to payment under the Medical Expense Benefits.

For Loss Of

Life	$10,000.00
Two or More Members	$10,000.00
One Member	$5,000.00

Thumb or Index Finger	$2,500.00

Member means hand, arm, foot, leg, or eye. Loss shall mean with regard to hands or arms and feet or legs, dismemberment by severance at or above the wrist or ankle joint; with regard to eyes, entire and irrecoverable loss of sight. Only one specific loss (the greater) resulting from any one Injury will be paid.

Section 10: Student Health Center (SHC) Referral Required

STUDENTS ONLY
The student should use the services of the Health Center first where treatment will be administered or referral issued. Expenses incurred for medical treatment rendered outside of the Student Health Center for which no prior approval or referral is obtained will be paid at the Out-of-Network level of benefits as specified in the Schedule of Benefits. A referral issued by the SHC must accompany the claim when submitted. Only one referral is required for each Injury or Sickness per Policy Year.

A SHC referral for outside care is not necessary only under any of the following conditions:

1. Medical Emergency. The student must return to SHC for necessary follow-up care.
2. When the Student Health Center is closed.
3. When service is rendered at another facility during break or vacation periods.
4. Medical care received when the student is more than 30 miles from campus.
5. Medical care obtained when a student is no longer able to use the SHC due to a change in student status.
6. Maternity, obstetrical and gynecological care.
7. Mental Illness treatment and Substance Use Disorder treatment.

Dependents are not eligible to use the SHC; and therefore, are exempt from the above limitations and requirements.

Section 11: Continuation Privilege

All Insured Persons who have been continuously insured under the school's regular student policy for at least 3 consecutive months and who no longer meet the eligibility requirements under that policy are eligible to continue their coverage for a period of not more than 90 days under the school's policy in effect at the time of such continuation. If an Insured Person is still eligible for continuation at the beginning of the next Policy Year, the Insured must purchase coverage under the new policy as chosen by the school. Coverage under the new policy is subject to the rates and benefits selected by the school for that Policy Year.

Section 12: Definitions

ADOPTED OR FOSTER CHILD means the adopted child or foster child placed with an Insured while that person is covered under the Policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted or foster child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

Benefits will also be provided for another child placed in court-ordered temporary or other custody of the Insured from the moment of placement or when a child is placed in the Insured's home following an act of voluntary surrender.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

AIR AMBULANCE means medical transport by rotary wing air ambulance or fixed wing air ambulance as defined in *42 CFR 414.605*.

Allowed amounts are based on the following:

When Covered Medical Expenses are received from a Preferred Provider, allowed amounts are the Company's contracted fee(s) with that provider.

When Covered Medical Expenses are received from an Out-of-Network Provider as described below, allowed amounts are determined as follows:

1. **For non-Medical Emergency Covered Medical Expenses received at certain Preferred Provider facilities from Out-of-Network Provider Physicians** when such services are either: a) Ancillary Services; or b) non-Ancillary Services that have not satisfied the notice and consent criteria of section *2799B-2(d) of the Public Health Service Act* with respect to a visit as defined by the Secretary, the allowed amount is based on one of the following in the order listed below as applicable:
   - The reimbursement rate as determined by a state *All Payer Model Agreement*.
   - The reimbursement rate as determined by state law.
   - The initial payment made by the Company or the amount subsequently agreed to by the Out-of-Network Provider and the Company.
   - The amount determined by *Independent Dispute Resolution (IDR)*.

   For the purpose of this provision, "certain Preferred Provider facilities" are limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center (as described in section *1833(i)(1)(A) of the Social Security Act*), and any other facility specified by the Secretary.

2. **For Emergency Services provided by an Out-of-Network Provider**, the allowed amount is based on one of the following in the order listed below as applicable:

   - The initial payment made by the Company or the amount subsequently agreed to by the Out-of-Network Provider and the Company.
   - The amount determined by *Independent Dispute Resolution (IDR)*.

When Covered Medical Expenses are received from an Out-of-Network Provider, except as described above, allowed amounts are determined based on either of the following:

1. Negotiated rates agreed to by the Out-of-Network Provider and either the Company or one of Our vendors, affiliates or subcontractors.
2. If rates have not been negotiated, then one of the following amounts:
   - Allowed amounts are determined based on 140% of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for Medicare for the same or similar service within the geographical market, with the exception of the following.
     - 50% of CMS for the same or similar freestanding laboratory service.
     - 45% of CMS for the same or similar Durable Medical Equipment from a freestanding supplier, or CMS competitive bid rates.
     - 70% of CMS for the same or similar physical therapy service from a freestanding provider.
   - When a rate for all other services is not published by CMS for the service, the allowed amount is based on 20% of the provider's billed charge.

We update the CMS published rate data on a regular basis when updated data from CMS becomes available. These updates are typically put in place within 30 to 90 days after CMS updates its data.

ANCILLARY SERVICES means items and services provided by Out-of-Network Provider Physicians at a Preferred Provider facility that are any of the following:

1. Related to emergency medicine, anesthesiology, pathology, radiology, and neonatology.

2. Provided by assistant surgeons, hospitalists, and intensivists.
3. Diagnostic services, including radiology and laboratory services, unless such items and services are excluded from the definition of ancillary services as determined by the Secretary.

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. A condition simply associated with the management of a difficult pregnancy is not considered a complication of pregnancy.

CONGENITAL CONDITION means a medical condition or physical anomaly arising from a defect existing at birth.

COPAY/COPAYMENT means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

COVERED MEDICAL EXPENSES means health care services and supplies which are all of the following:

1. Provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness or Injury.
2. Medically Necessary.
3. Specified as a covered medical expense in this Certificate under the Medical Expense Benefits or in the Schedule of Benefits.

CUSTODIAL CARE means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DAY REHABILITATION PROGRAM means a program that provides greater than one (1) hour of rehabilitative services upon discharge from an Inpatient confinement.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to the Policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means the legal spouse or Domestic Partner of the Named Insured and their dependent children. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

Dependent shall also mean a grandchild until the age of 26 who is in the legal custody of and residing with the grandparent who is the Named Insured.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child:

1. Is incapable of self-sustaining employment by reason of intellectual or physical disability.
2. Became so incapable prior to the attainment of age 26.
3. Is chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually after the two year period following the child's attainment of the limiting age.

If a claim is denied under the Policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be intellectually or physically disabled as defined by subsections (1) and (2).

DOMESTIC PARTNER means a person who is neither married nor related by blood or marriage to the Named Insured but who is: 1) the Named Insured's sole spousal equivalent; 2) lives together with the Named Insured in the same residence and intends to do so indefinitely; and 3) is responsible with the Named Insured for each other's welfare. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

EMERGENCY SERVICES means, with respect to a Medical Emergency, both:

1. An appropriate medical screening examination that is within the capability of the emergency department of a Hospital or an Independent Freestanding Emergency Department, including Ancillary Services routinely available to the emergency department to evaluate such emergency medical condition.
2. Such further medical examination and treatment to stabilize the patient to the extent they are within the capabilities of the staff and facilities available at the Hospital or an Independent Freestanding Emergency Department to stabilize the patient (regardless of the department of the Hospital in which such further exam or treatment is provided). For the purpose of this definition, "to stabilize" has the meaning as given such term in section *1867(e)(3) of the Social Security Act (42 U.S.C. 1395dd(e)(3)*).

Emergency services include items and services otherwise covered under the Policy when provided by an Out-of-Network Provider or facility (regardless of the department of the Hospital in which the items and services are provided) after the patient is stabilized and as part of outpatient observation, or an Inpatient stay or outpatient stay that is connected to the original emergency medical condition, unless each of the following conditions are met:

1. The attending Physician or treating provider for the Medical Emergency determines the patient is able to travel using nonmedical transportation or non-emergency medical transportation to an available Preferred Provider or Preferred Provider facility located within a reasonable distance taking into consideration the patient's medical condition.
2. The provider furnishing the additional items and services satisfied the notice and consent criteria in accordance with applicable law.
3. The patient is in such a condition to receive information as stated in 2 above and to provide informed consent in accordance with applicable law.
4. The provider or facility satisfied any additional requirements or prohibitions as may be imposed by state law.

The above conditions do not apply to unforeseen or urgent medical needs that arise at the time the service is provided regardless of whether notice and consent criteria has been satisfied.

HABILITATIVE SERVICES means health care services and devices that help a person keep, learn, or improve skills and functions for daily living when administered by a Physician pursuant to a treatment plan. Habilitative services include occupational therapy, physical therapy, speech therapy, and other services for people with disabilities.

Habilitative services do not include Elective Surgery or Elective Treatment or services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

HOSPITAL means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of and surgery for sick and injured persons as inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides on the premises 24 hour nursing service by Registered Nurses; 5) provides organized facilities for diagnosis and major surgery on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home.

1. Could seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
2. Would, in the opinion of a Physician with knowledge of the Insured Person's medical condition, subject the Insured Person to severe pain that cannot be adequately managed without the requested health care service or treatment.

To request an Expedited Internal Appeal, please contact Claims Appeals at 888-315-0447. The written request for an Expedited Internal Appeal should be sent to: Claims Appeals, UnitedHealthcare Student Resources, PO Box 809025, Dallas, TX 75380-9025.

Expedited Internal Review Process

The Insured Person or an Authorized Representative may submit an oral or written request for an Expedited Internal Review (EIR) of an Adverse Determination:

1. Involving Urgent Care Requests; and
2. Related to a concurrent review Urgent Care Request involving an admission, availability of care, continued stay or health care service for an Insured Person who has received Emergency Services, but has not been discharged from a facility.

All necessary information, including the Company's decision, shall be transmitted to the Insured Person or an Authorized Representative via telephone, facsimile or the most expeditious method available. The Insured Person or the Authorized Representative shall be notified of the EIR decision no more than seventy-two (72) hours after the Company's receipt of the EIR request.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue until the Insured Person has been notified of the final determination.

At the same time an Insured Person or an Authorized Representative files an EIR request, the Insured Person or the Authorized Representative may file:

1. An Expedited External Review (EER) request if the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person's ability to regain maximum function; or
2. An Expedited Experimental or Investigational Treatment External Review (EEIER) request if the Adverse Determination involves a denial of coverage based on a determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person's treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

The notice of Final Adverse Determination may be provided orally, in writing, or electronically. If the notice is provided orally, then the Company shall provide a written or electronic version of the notice within three days following the oral notice.

RIGHT TO EXTERNAL INDEPENDENT REVIEW

After exhausting the Company's Internal Appeal process, an Insured Person or Authorized Representative may submit a request for an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational.

A request for an External Independent Review shall not be made until the Insured Person or Authorized Representative has exhausted the Internal Appeals process. The Internal Appeal Process shall be considered exhausted if:

1. The Company has issued a Final Adverse Determination as detailed herein;
2. The Insured Person or the Authorized Representative filed a request for an Internal Appeal and has not received a written decision from the Company within 30 days and the Insured Person or Authorized Representative has not requested or agreed to a delay;
3. The Company fails to strictly adhere to the Internal Appeal process detailed herein; or
4. The Company agrees to waive the exhaustion requirement.

After exhausting the Internal Appeal process, and after receiving notice of an Adverse Determination or Final Adverse Determination, an Insured Person or Authorized Representative has four months to request an External Independent Review. Except for a request for an Expedited External Review, the request for an External Review should be made in writing to the Company. Upon request of an External Review, the Company shall notify the Commissioner of the request within one business day.

Standard External Review (SER) Process

A Standard External Review request must be submitted in writing within four months of receiving a notice of the Company's Adverse Determination or Final Adverse Determination.

1. Within five business days after receiving the SER request notice, the Company will complete a preliminary review to determine that:
   a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;
   b. The Insured Person has exhausted the Company's Internal Appeal Process;
   c. The Insured Person has provided all the information and forms necessary to process the request; and
   d. The service in question: (i) is a Covered Medical Expense under the Policy; and (ii) is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness.

2. Within five business days after completion of the preliminary review, the Company shall notify the Commissioner, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for a SER.
    a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete;
    b. If the request is not eligible, the Company's response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Commissioner.
    c. If the request is not eligible, the Insured Person or the Authorized Representative may submit a written request for reconsideration to the Commissioner. The Commissioner may determine that a request is eligible for external review and require that it be referred for external review.
    d. If the Commissioner determines that a request is eligible for external review, the Commissioner shall notify the Company and the Insured Person or the Authorized Representative within five business days.
3. After determining that a request is eligible for SER or after receiving notice from the Commissioner that a request is eligible for SER, the Company shall, within one business day, input a request for an assignment of an Independent Review Organization (IRO) through the Departments of Insurance website.
4. Upon notification through the website, the Commissioner shall:
    a. Assign an Independent Review Organization (IRO) from the Commissioner's approved list;
    b. Notify the Company of the name of the assigned IRO; and
    c. Notify the Insured Person and, if applicable, the Authorized Representative, that the request has been accepted. This notice shall include: (i) the name of the IRO; and (ii) a statement that the Insured Person or the Authorized Representative may, within five business days following receipt of the notice, submit additional information to the IRO for consideration when conducting the review.
5. a. The Company shall, within five business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company's failure to provide the documents and information will not delay the SER.
    b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall, within one business day, advise the Commissioner, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
6. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
7. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within one business day.
    a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the SER.
    b. The SER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the SER.
    c. If the Company reverses it decision, the Company shall provide written notification within one business day to the Commissioner, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the SER.
8. Within 45 days after receipt of the SER request, the IRO shall provide written notice of its decision to uphold or reverse the Adverse Determination or Final Adverse Determination. The notice shall be sent to the Commissioner, the Company, the Insured Person and, if applicable, the Authorized Representative. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

Expedited External Review (EER) Process

An Expedited External Review request may be submitted either orally or in writing when:

1. The Insured Person or an Authorized Representative may make a written or oral request for an Expedited External Review (EER) with the Company at the time the Insured Person receives:
    a. An Adverse Determination if:
        - The Insured Person or the Authorized Representative has filed a request for an Expedited Internal Review (EIR); and
        - The Adverse Determination involves a medical condition for which the timeframe for completing an EIR would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
    b. A Final Adverse Determination, if:
        - The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or

- The Final Adverse determination involves an admission, availability of care, continued stay or health care service for which the Insured Person received Emergency Services, but has not been discharged from a facility.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.

2. Upon receipt of an EER request, the Company shall send a copy of the request to the Commissioner within one business day.
3. Upon receipt of a request for an EER, the Company shall immediately review the request to determine that:
   a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;
   b. The Insured Person has exhausted the Company's Internal Appeal Process, unless the Insured Person is not required to do so as specified in sub-sections 1. a. and b. shown above;
   c. The Insured Person has provided all the information and forms necessary to process the request; and
   d. The service in question: (i) is a Covered Medical Expense under the Policy; and (ii) is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness.
4. Immediately after completion of the review, the Company shall notify the Commissioner, the Insured Person and the Authorized Representative, if applicable, whether the request is eligible for an EER.
   a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete;
   b. If the request is not eligible, the Company's response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Commissioner.
   c. If the request is not eligible, the Insured Person or the Authorized Representative may submit a written request for reconsideration to the Commissioner. The Commissioner may determine that a request is eligible for external review and require that it be referred for external review.
   d. If the Commissioner determines that a request is eligible for external review, the Commissioner shall immediately notify the Company and the Insured Person or the Authorized Representative.
5. After determining that a request is eligible for EER or after receiving notice from the Commissioner that a request is eligible for EER, the Company shall immediately input a request for assignment of a IRO through the Department of Insurance website.
6. Upon notification through the website, the Commissioner shall immediately assign an Independent Review Organization (IRO) from the Commissioner's approved list and notify the Company of the name of the assigned IRO.
   a. The Company shall provide or transmit all necessary documents and information considered in making the Adverse Determination or Final Adverse Determination.
   b. All documents shall be submitted to the IRO electronically, by telephone, via facsimile, or by any other expeditious method.
7. a. If the EER is related to an Adverse Determination for which the Insured Person or the Authorized Representative filed the EER concurrently with an Expedited Internal Review (EIR) request, then the IRO will determine whether the Insured Person shall be required to complete the EIR prior to conducting the EER.
   b. The IRO shall immediately notify the Insured Person and the Authorized Representative, if applicable, that the IRO will not proceed with EER until the Company completes the EIR and the Insured Person's grievance remains unresolved at the end of the EIR process.
8. In no more than 72 hours after receipt of the qualifying EER request, the IRO shall:
   a. Make a decision to uphold or reverse the Adverse Determination or Final Adverse Determination; and
   b. Notify the Commissioner, the Company, the Insured Person, and, if applicable, the Authorized Representative.
9. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

Experimental or Investigational Treatment External Review (EIER) Process

An Insured Person, or an Insured Person's Authorized Representative, may submit a request for an Experimental or Investigational External Review when the denial of coverage is based on a determination that the recommended or requested health care service or treatment is experimental or investigational.

A request for an Experimental or Investigational External Review must be submitted in writing within four months of receiving a notice of the Company's Adverse Determination or Final Adverse Determination.

1. For an Adverse Determination or a Final Adverse Determination that involves denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, an Insured Person or an Authorized Representative may submit a request for an Experimental or Investigational Treatment External Review (EIER) with the Company.

2. Within five business days after receiving the EIER request notice, the Company will complete a preliminary review to determine that:
   a. The individual was an Insured Person covered under the Policy at the time the service was recommended, requested or provided;
   b. The recommended or requested health care services or treatment:
      - Is a Covered Medical Expense under the Insured Person's Policy except for the Company's determination that the service or treatment is experimental or investigational for a particular medical condition; and
      - Is not explicitly listed as an Exclusion or Limitation under the Insured Person's Policy;
   c. The Insured Person's treating Physician has certified that one of the following situations is applicable:
      - Standard health care services or treatments have not been effective in improving the condition of the Insured Person;
      - Standard health care services or treatments are not medically appropriate for the Insured Person;
      - There is no available standard health care service or treatment covered by the Company that is more beneficial than the recommended or requested health care service or treatment;
   d. The Insured Person's treating Physician:
      - Has recommended a health care service or treatment that the Physician certified, in writing, is likely to be more beneficial to the Insured Person, in the Physician's opinion, than any available standard health care services or treatments; or
      - Who is a licensed, board certified or board eligible Physician qualified to practice in the area of medicine appropriate to treat the Insured Person's condition, has certified in writing that scientifically valid studies using acceptable protocols demonstrate that the health care service or treatment requested by the Insured Person is likely to be more beneficial to the Insured Person than any available standard health care services or treatments;
   e. The Insured Person has exhausted the Company's Internal Appeal Process; and
   f. The Insured Person has provided all the information and forms necessary to process the request.
3. Within five business days after completion of the preliminary review, the Company shall notify the Commissioner, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for an EIER.
   a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete; or
   b. If the request is not eligible, the Company response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Commissioner.
   c. If the request is not eligible, the Insured Person or the Authorized Representative may submit a written request for reconsideration to the Commissioner. The Commissioner may determine that a request is eligible for external review and require that it be referred for external review.
   d. If the Commissioner determines that a request is eligible for external review, the Commissioner shall notify the Company and the Insured Person or the Authorized Representative within five business days.
4. After determining that a request is eligible for EIER or after receiving notice from the Commissioner that a request is eligible for EIER, the Company shall, within one business day, input a request for an assignment of any IRO through the Department of Insurance website.
5. Upon notification through the website, the Commissioner shall:
   a. Assign an IRO from the Commissioner's approved list;
   b. Notify the Company of the name of the assigned IRO; and
   c. Notify the Insured Person and, if applicable, the Authorized Representative, that the request has been accepted. This notice shall include: (i) the name of the IRO; and (ii) a statement that the Insured Person or the Authorized Representative may, within five business days following receipt of the notice, submit additional information to the IRO for consideration when conducting the review.
6. a. The Company shall, within five business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company's failure to provide the documents and information will not delay the EIER.
   b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall immediately advise the Commissioner, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
7. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
8. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within one business day.
   a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the EIER.

b. The EIER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the EIER.
c. If the Company reverses it decision, the Company shall immediately provide written notification to the Commissioner, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the EIER.

9. After completion of the IRO's review, upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage of the recommended or requested health care service or treatment that was the subject of the Adverse Determination or Final Adverse Determination.

BINDING EXTERNAL REVIEW

A Standard or Expedited External Review decision is binding on the Company except to the extent the Company has other remedies available under applicable federal or state law. A Standard or Expedited External Review decision is binding on the Insured Person to the extent the Insured Person has other remedies available under applicable federal or state law. An Insured Person or an Authorized Representative may not file a subsequent request for External Review involving the same Adverse Determination or Final Adverse Determination for which the Insured Person has already received an External Review decision.

Benefits are provided for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Covered Dental Services shall include all federally required pediatric dental benefits outlined under the 2014 FEDVIP Dental Plan. The FEDVIP Dental Plan can be found at: http://archive/opm/gov/insure/health/planinfo/2014/brochures/MetLife.pdf.

Section 1: Accessing Pediatric Dental Services

Network and Out-of-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from an out-of-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can check the participation status by calling the Company and/or the provider. The Company can help in referring the Insured Person to Network Dental Providers.

The Company will make a *Directory of Network Dental Providers* available to the Insured Person. The Insured Person can also call the Company at the number stated on their identification (ID) card to determine which providers participate in the Network.

Out-of-Network Benefits - these benefits apply when the Insured Person decides to obtain Covered Dental Services from out-of-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Out-of-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by an out-of-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. Insured Persons may be required to pay an out-of-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. When the Insured Person obtains Covered Dental Services from out-of-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Allowed Dental Amounts.

What Are Covered Dental Services?

The Insured Person is eligible for benefits for Covered Dental Services listed in this section if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this section.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are provided. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

A. Necessary.
B. Provided by or under the direction of a Dental Provider.
C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this section.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Out-of-Network Benefits:

Benefits for Allowed Dental Amounts from out-of-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the out-of-Network provider's billed charge exceeds the Allowed Dental Amounts. The Usual and Customary Fee for Covered Dental Services provided by an out-of-Network provider will not be less than the Allowed Dental Amount for a similarly licensed Network provider for the same service in the same geographic region.

Dental Services Deductible

Benefits for pediatric Dental Services provided under this section are not subject to the Policy Deductible stated in the Policy *Schedule of Benefits*. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and out-of-Network Benefits, the Dental Services Deductible per Policy Year is $500 per Insured Person.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this section applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Out-of-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

Allowed Dental Amounts - Allowed Dental Amounts for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Allowed Dental Amounts are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Out-of-Network Benefits, when Covered Dental Services are received from out-of-Network Dental Providers, Allowed Dental Amounts are the Usual and Customary Fees, as defined below.

Covered Dental Service - a Dental Service or Dental Procedure for which benefits are provided under this section.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Dental Services Deductible - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Out-of-Network Benefits in that Policy Year.

Experimental, Investigational, or Unproven Service - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or
- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or

- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

Foreign Services - services provided outside the U.S. and U.S. Territories.

Necessary - Dental Services and supplies under this section which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.

        - Provided in a clinically controlled research setting.
        - Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this section. The definition of Necessary used in this section relates only to benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Network - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

Network Benefits - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

Out-of-Network Benefits - benefits available for Covered Dental Services obtained from out-of-Network Dentists.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services. The Usual and Customary Fee will never be less than the Allowed Dental Amount.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

Vision Care Provider - any optometrist, ophthalmologist, optician or other person who may lawfully provide Vision Care Services.

Vision Care Service - any service or item listed in this section in *Section 1: Benefits for Pediatric Vision Care Services.*

Section 23: UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this section.

Benefits for Prescription Drug Products are subject to supply limits and Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments and/or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a Physician and only after ¾ of the original Prescription Drug Product has been used. For select controlled medications filled at a retail Network Pharmacy, refills are available when 90% of the original Prescription Drug Product has been used. For select controlled medications filled at a mail order Network Pharmacy, refills are available when 80% of the original Prescription Drug Product has been used.

The Insured must either show their ID card to the Network Pharmacy when the prescription is filled or provide the Network Pharmacy with identifying information that can be verified by the Company during regular business hours. If the Insured does not show their ID card to the Network Pharmacy or provide verifiable information, they will need to pay for the Prescription Drug at the pharmacy.

The Insured may then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting www.uhcsr.com/tulane and logging in to their online account or by calling *Customer Service* at 1-855-828-7716.

Information on Network Pharmacies is available at www.uhcsr.com/tulane or by calling *Customer Service* at 1-855-828-7716.

When prescriptions are filled at pharmacies outside a Network Pharmacy, the Insured must pay for the Prescription Drugs out of pocket and submit the receipts for reimbursement as described in the How to File a Claim for Injury and Sickness Benefits section in the Certificate of Coverage.

Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy's Usual and Customary Fee for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Charge for that Prescription Drug Product.

Insured Persons may be subject to an excess consumer cost burden for covered Prescription Drug Products.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a mail order Network Pharmacy or a Preferred 90 Day Retail Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed. Supply limits are subject, from time to time, to the Company's review and change. This may limit the amount dispensed per

Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

The Insured may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting the Company at www.uhcsr.com/tulane or by calling *Customer Service* at 1-855-828-7716.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change. Therefore, the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

What Happens When a Biosimilar Product Becomes Available for a Reference Product?

If a biosimilar becomes available for a reference product (a biological Prescription Drug Product), the tier placement of the reference product may change. Therefore, the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular reference product. We will not remove or change the tier placement of Prescription Drug Products from our Prescription Drug List (PDL) no more than one time per calendar year on the Policy effective date.

Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Prescription Drug Product from a Designated Pharmacy, the Insured may opt-out of the Designated Pharmacy program at www.uhcsr.com/tulane or by calling *Customer Service* at 1-855-828-7716.

If the Insured opts-out of the program and fills their Prescription Drug Product at a non-Designated Pharmacy but does not inform the Company, the Insured will be responsible for the entire cost of the Prescription Drug Product.

If the Insured is directed to a Designated Pharmacy and has informed the Company of their decision not to obtain their Prescription Drug Product from a Designated Pharmacy, no benefits will be paid for that Prescription Drug Product.

For a Specialty Prescription Drug Product, if the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay the retail Network Pharmacy Copayment and/or the retail Network Pharmacy Coinsurance based on the applicable tier.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, and the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay the retail Network Pharmacy Copayment and/or the retail Network Pharmacy Coinsurance based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may find out whether a Network Pharmacy is a Preferred Specialty Network Pharmacy at www.uhcsr.com/tulane or by calling *Customer Service* at 1-855-828-7716.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to obtain prior authorization from the Company or the Company's designee. The reason for obtaining prior authorization from the Company is to determine whether the Prescription Drug Product, in accordance with the Company's approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to the Company's review and change. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured's Physician or pharmacist. The Insured may find out whether a particular Prescription Drug requires prior authorization at www.uhcsr.com/tulane or by calling *Customer Service* at 1-855-828-7716.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not obtain prior authorization from the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

Does Step Therapy Apply?

Certain Prescription Drug Products for which benefits are provided are subject to step therapy requirements. In order to receive benefits for such Prescription Drug Products an Insured must use a different Prescription Drug Product(s) first. However, you or your prescriber may request an override exception and we will provide determination no later than 72 hours after receipt of the request for the step therapy override exception. An expedited exception request will be reviewed with a determination provided no later than 24 hours following the request.

The Insured may find out whether a Prescription Drug Product is subject to step therapy requirements at www.uhcsr.com/tulane or by calling *Customer Service* at 1-855-828-7716.

In the case of drugs for the treatment of stage 4 advanced, metastatic cancer, Prescription Drug Products will not be subject to step therapy requirements if the use of the Prescription Drug Product is consistent with at least one of the following:

- The use is consistent with the FDA approved indication.
- There is a National Comprehensive Cancer Network Drugs and Biologics Compendium Indication.
- The use is supported by peer-reviewed, evidence-based medical literature.

When Does the Company Limit Selection of Pharmacies?

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person's choice of Network Pharmacies may be limited. If this happens, the Company

may require the Insured to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the chosen Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will choose a Network Pharmacy for the Insured.

Coverage Policies and Guidelines

The Company's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Company's behalf. The PDL Management Committee places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's total cost including any rebates and evaluations on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others, therefore; a Prescription Drug may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

The Company may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes will happen no more than one time per calendar year on the Policy effective date.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access www.uhcsr.com/tulane or call *Customer Service* at 1-855-828-7716 for the most up-to-date tier placement.

Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured's Deductible or taken into account in determining the Insured's Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

This includes data sources such as Medi-Span that classify drugs as either brand or generic based on a number of factors. Not all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician will be classified as Brand-name by the Company.

Chemically Equivalent means when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products. This includes Specialty Prescription Drug Products. Not all Network Pharmacies are a Designated Pharmacy.

Exceptions:
- Clinical trials for which benefits are specifically provided for in the Policy.
- If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the Policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment, the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Generic means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources. Therapeutically Equivalent means when Prescription Drugs Products have essentially the same efficacy and adverse effect profile.

Unproven Service(s) means services, including medications, that are determined not to be effective for the treatment of the medical condition and/or not to have a beneficial effect on the health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

The Company has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, the Company issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, as it determines, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Usual and Customary Fee means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. This fee includes a dispensing fee and any applicable sales tax.
