

BLOOD BORNE PATHOGENS (BBP) EXPOSURE RESPONSE

TREATING PROVIDER/SUPERVISOR/FACULTY CHECKLIST

- Provide necessary medical care to treat the injury/exposure.
- Students should seek post-exposure care as soon as possible but **within 2 hours** of exposure. Refer to the BBP Flow Chart and Procedures as a guide for post-exposure care.
- Students should notify supervisor and follow facility protocol, which may include a visit to the Emergency Department or Occupational Health Office.
- Provide patient education information.
- Please assist student with obtaining source lab work, if indicated. *
- Documents in source's medical record "source of occupational exposure" and the labs were drawn for: HIV, HCV, and HBsAg.
- Student is expected to make a follow-up appointment with The Health Center Downtown, for assistance call (504) 988-6929. For additional information, refer to student checklist.

*Please refer to latest [HIV Testing Consent and Counseling](#) requirements as applicable to state laws.
